# TUITION & FEES

Our College is dedicated to providing quality education, superior resources, and affordable tuition. FCC tuition and fees for a full-time (12 credit) in-county student amount to approximately \$3,700 per year. By comparison, the College Board reports the national average for tuition and fees exceeds \$9,000 at public four-year colleges and averages \$31,000 at private schools. With high academic standards and affordable tuition rates, FCC is a wise choice for higher education.

## Academic Assessment and Placement Policy and Procedures

### I. Philosophy and Scope

Frederick Community College ("FCC" or the "College") is committed to supporting student success by ensuring appropriate course placement using a series of computer-based assessment tests that measure individuals' reading, writing, and math skills. Minimum placement scores, known as cut scores, are established through statewide agreements. These scores are used to determine college-readiness and placement into specific courses, including developmental and college-level courses. Credit courses have prerequisites that include expectations of college-readiness as reflected in the placement scores and/or other pre-established expectations. This policy and procedures outlines placement test requirements, guidelines for placement, and exemptions and exceptions to required placement testing.

### II. Definitions for the Purpose of this Policy and Procedures

- A. "Certificate-Seeking" refers to a category of individuals who have declared an intent to follow a sequence of specific credit courses resulting in a formal award of completion of up to 36 credits.
- B. "Courses of Interest" refers to a category of individuals who seek to take courses listed as credit in the FCC Academic Catalog for personal knowledge or professional development as opposed to the fulfillment of FCC program requirements.
- C. "Degree-Seeking" refers to a category of individuals who have declared an intent to follow a prescribed curriculum in a career or transfer program that leads to an associate degree, which is generally sixty (60) credits, unless otherwise specified.

Developmental education may include multiple course sequences with students progressing as skills are developed. Students are assigned to developmental courses based on their placement test scores.
- E. **“Enrollment”** refers to the status achieved when an individual has registered for classes and has either paid or made arrangements for payment of tuition and/or fees.
- F. **“Full-time Enrollment”** refers to a student enrolled in twelve (12) or more credits during the fall or spring semesters, or in a total of twelve (12) credit hours cumulatively for the summer session.
- G. **“Continuously Enrolled”** refers to the requirement that a student be enrolled continuously with breaks no longer than four (4) consecutive full academic semesters (fall or spring semesters).
- H. **“Readmitted Students”** refers to individuals who have attended FCC within the past two years and have reapplied for admission to the College.
- I. **“Transfer student”** refers to an individual who has attended another institution of higher learning after high school graduation or equivalency, and who seeks to receive credit for prior coursework completed at previous institutions.

## Residency Policy and Procedures

### I. Philosophy and Scope

The determination of residency or domicile is governed by the Frederick Community College Board of Trustees in accordance with Maryland State and Federal law. A student's legal residence is determined at the time they apply to the College. The burden of proof of residency is to be upon the student, and they will be required to certify by signature to the accuracy of the information provided on the College application.

Students will be considered in-county, out-of-county, or out-of-state for tuition calculation. For the purpose of establishing differential tuition, the following procedure applies to both full and part-time students. (See related Tuition and Fees Policy and Procedures.)

A student's determined residency status will be used in the evaluation process for Selective Admission Programs.

## II. Definitions for the Purpose of this Policy and Procedures

- A. **"Domicile"** refers to the permanent place of abode, where physical presence and possessions are maintained with the intention of remaining indefinitely; or the permanent place of abode of any person or persons contributing more than ½ of the student's financial support during the most recently completed year. Only one domicile may be maintained by a student.
- B. **"Maryland resident"** refers to an individual who has maintained a domicile in Maryland for at least three (3) months before becoming an enrolled student.
- C. **"Enrolled student"** refers to an individual who is registered at the College, either full or part-time, in a credit or continuing education class or classes, who has either paid or made arrangement for payment of tuition and/or fees, and whose participation in a class has been verified.

The student must present an affidavit to Registration and Records within the Enrollment Center located on the first floor of Jefferson Hall stating that they will file an application to become a permanent resident within 30 days of becoming eligible to do so.

- A. Students requesting reduced tuition rate based on a change in residency must submit proof of actual address change as defined in Section VI to Registration and Records and complete the “Change of Address” form available either online at [www.frederick.edu](http://www.frederick.edu) or in Registration and Records in Jefferson Hall. The proof of residency and “Change of Address” form must be submitted in one of the following ways:

- B. Request for change in residency classification must be submitted prior to the “last day to add” for the first session for which the student is enrolled in order to be changed for that session. Residency is not retroactive. A student who changes residency during a semester and provides proof after the “last day to add” will have their residency adjusted for the following semester.
- C. If there has been a change of address that effects residency, the student will be notified by email and tuition will be adjusted for the following semester as follows:
  1. A student moving to a higher tuition rate based on their residency will have their residency automatically changed to reflect their new residency status.
  2. A student moving to a lower tuition rate based on their residency will bear the burden of proof of the new residency status.

## Family Educational Rights & Privacy Act of 1974 (FERPA)

FERPA, commonly known as the Buckley Amendment, was issued by the Department of Health, Education and Welfare in the 1976 Federal Register. The regulations were transferred to the Department of Education when it was established and codified in Part 99 of Title 34 of the Code of Federal Regulations.

The purpose of FERPA is to afford certain rights to students concerning their educational records. FERPA applies to all schools that receive funding under most programs administered by the Secretary of Education. Most postsecondary institutions, both public and private, generally receive such funding and must, therefore, comply with FERPA.

FERPA applies to all education records maintained by a postsecondary institution, or by any party acting for the institution, which are directly related to the student. These include, but are not limited to, assessment test scores, academic standing, rosters, class schedule, or any information that would make the student's identification easily traceable. FCC may release directory information, which includes student's name, dates of attendance, and enrollment status—see the FCC catalog for a complete list.

Students wishing to restrict directory information or grant additional access must contact Registration and Records (in writing) with their request. There is no expiration date for these access exceptions. Contact Registration and Records for additional information.

## BOOKSTORE

The bookstore is located at the main entrance of the Student Center, Building H.

## NO COST / LOW COST TEXTBOOKS

FCC offers classes that have free or low cost textbooks

*Within this schedule, if a course has this icon, it means the textbook materials for the specified course section are available for less than \$40. Certain no/low cost textbook courses (e.g., science labs, art studio classes) have textbooks available for less than \$40 but may require purchase of additional course materials and supplies.*

When you register for classes, check the "Notes" section to see if the course offers a NO COST/LOW COST textbook option. FCC is committed to making college more affordable with more faculty adopting lower cost textbook options.

# ONLINE, STRUCTURED REMOTE & HYBRID REMOTE COURSES

Please read the following requirements before registering for an online or hybrid course.

Frederick Community College offers three types of courses over the Internet: online, structured remote, and hybrid remote courses. Hybrid remote courses require the student to attend some class sessions on campus; online and structured remote courses do not. All online courses require one proctored assessment. Any course section with the letters "HYR" indicates a hybrid course. The mouse icon (🖱️) indicates online courses.

### Online, structured remote, and hybrid remote courses are taught on Blackboard™ and require that students:

- Have Internet access through broadband connection or Wi-Fi (wireless)
- Have access to a Windows, Mac, or Linux computer
- Have Windows 7 or higher, Mac OS X, or Linux with Ubuntu 14 or higher
- Have Internet Explorer 8 or higher, or the most recent version of Mozilla Firefox or Google Chrome, all with the most recent Java and Flash updates applied
- Establish a myFCC e-mail account;
- Have basic computer skills in word processing, e-mail procedures, web-browsing, and handling features such as pop-up blockers;
- Are responsible for maintaining appropriate security and virus protection when using the student's own personal computer(s).

Students should expect to spend as much time on an Internet course as they would on a traditional on-campus course. Students should be self-motivated to handle the independent nature of learning that occurs in online courses.

### Access to Blackboard: <http://frederick.blackboard.com>

User name Wxxxxxxx (where xxxxxxx is the seven digit student ID number); Password is the same as the PeopleSoft and e-mail password.

### Textbooks

Purchase textbooks from the FCC Bookstore at [bookstore.frederick.edu](http://bookstore.frederick.edu). Make sure you select books for the online section of the course as they may differ from textbooks used in on-campus sections. Some instructors require the corresponding access code for web resources.

### Email Advising: [emailadvising@frederick.edu](mailto:emailadvising@frederick.edu)

If you are unable to come on campus for advising services, Email Advising is available to all current FCC students using their <http://myFCC.frederick.edu> email accounts. Please provide your full name and Student ID number. Typical response time is 24-48 hours depending on the information requested.

## DEFINITIONS OF LEARNING FORMATS

Any virtual class sessions held during these times will be recorded for those unable to attend. The student will be unable to enroll in multiple courses with overlapping meeting times. Students should be prepared to meet the deadlines as listed in the syllabus and the course.

### ▲ Hybrid Remote Courses (HYR)

The course is primarily conducted online and there will be periodic on-campus requirements during the scheduled class times. All on campus requirements follow current FCC physical distancing protocols. The class may also have online real-time/synchronous sessions that meet at the scheduled class times. Any virtual class sessions held during these times will be recorded for those unable to attend. The student will be unable to enroll in multiple courses with overlapping meeting times. Students should be prepared to meet the deadlines as listed in the syllabus and the course.

### ■ Online Courses (ONL)

The course is conducted entirely online. There are no required online real-time/synchronous sessions. Online courses are not self-paced, and students should be prepared to meet the deadlines as listed in the syllabus and the course.
