Hello Students!

Institutions of higher education that participate in federal student financial aid programs are subject to the requirements of Title IX, which requires schools to provide training to its students regarding Title IX and Sexual Misconduct.

FCC is pleased to work with the SafeColleges Training system to help students complete their mandatory training conveniently via the Internet - even from the comfort of your own home! Training for 2015-16 must be completed by November 30, 2015. You will receive email reminders until you complete this 34-minute program.

The content of this online training contains sensitive material involving Sexual Misconduct prevention. If you have been a victim of sexual misconduct, you may want to ask a close friend or family member to join you when you take this training. If you need sexual violence survivor's advocacy support, or for more information regarding the training, please contact Counseling and Advising at 301-846-2471 to meet with a counselor.
